Gradooodle – Make Tests Fun again

Product Vision:

Gradoodle is a product in a **gambling market** that will **allow bets for marks** only for **Students** who **wants more fun in school and more motivation for better marks**, unlike other products our product **makes school really fun**.

Product Goal:

By **the end of this school Project** we should see **that everyone can sign up on our gambling page, and gamble for some marks form others in different categories like the exact mark or ranges like over 5... 100% of the registered persons have more fun in school.**

As a validator that **Gradoodle** has **become the best mark gambling site in bzz.**

Spring Goals

1. User registration
2. implement Gambling mechanics
3. implement automatic mark input
